(For individual headsets, use code **SpecialSDA** at checkout)

Visit www.victoryvr.biz/sda/ to order today.

Experience how virtual reality can provide your schools, teachers, and classrooms with the opportunity to explore locations that enhance their learning while reinforcing grade level appropriate science content.

*The Oculus Go Full VR Curriculum includes:

Middle school and high school content features **48** individual VR units that include **240** unique experiences:

- **48** virtual field trips
- **48** virtual teacher mini-lessons with Windy Martin
- **96** virtual reality stories
- **48** interactive edutainment experiences (gamified learning)

Correlated to the *ByDesign Science* program and the Next Generation Science Standards (NGSS), each student can have a 360° interactive experience that allows them to engage with content in ways never before possible. Students explore locations that enhance their learning while reinforcing grade-appropriate science standards in meaningful and memorable ways.

VictoryVR units transport students to a wide variety of places that will deepen their understanding of science: deserts, forests, beaches, even outer space!

Ordering is Easy!

Go to www.victoryvr.biz/sda/ to purchase.

Use codes at checkout:

LaunchSDA10 (10 Oculus Go's)

LaunchSDA5 (5 Oculus Go's)

SpecialSDA (Individual Headsets)
